

WYPOSAŻENIE LABORATORIUM

<p>Spektrofotometr Aquamate Plus</p>	 A white laboratory spectrophotometer with a large, integrated color touchscreen display on the right side. The device has a sample compartment on the left and a control panel with buttons below the screen.
<p>Destylator KjelFlex K-360 z automatyczną stacją miareczkowania i mineralizatorem firmy Buchi</p>	 A complex laboratory distillation and titration system. It features a tall glass distillation column, a control panel with a digital display, and various tubes and reservoirs. The main unit is white with blue accents.
<p>Fotometr płomieniowy BWB XP</p>	 A blue and grey flame photometer. It has a control panel with a digital display and several buttons. A vertical burner assembly is mounted on top, with a flame visible. The base is a light-colored tray.
<p>Spektrofotometr absorpcji atomowej SavantAA Σ</p>	 A white and blue atomic absorption spectrophotometer. It has a large, rounded body with a central sample compartment. The brand name 'SavantAA' and 'GBC' are visible on the front panel.
<p>Laboratoryjny przyrząd wielofunkcyjny CX-701</p>	 A handheld, rugged laboratory instrument with a large color touchscreen. The screen displays '8.432 pH' in large blue digits, with other parameters like '4.5802 mS' and '25.3 °C' visible below. The device is black and blue.

WYPOSAŻENIE LABORATORIUM

Mineralizatory mikrofalowe
Magnum II

Przesiewacze wibracyjne
do analiz sitowych:
firmy Fritsch – Analisette 3
firmy Retach – typ AS 200

Młynki laboratoryjne:
moździerzowy – Pulverisette 2
i IKA Werke

Wagi laboratoryjne analityczne
firmy Radwag typ XAS
i firmy Mettler Toledo

WYPOSAŻENIE LABORATORIUM

<p>Wagosuszarki firmy Radwag typu MAX</p>	 A white laboratory oven with a digital display and control panel. The display shows '128 °C' and '248.36'. The oven door is slightly open, revealing a glowing interior.
<p>Wyrząsarka laboratoryjna IKA Werke HS/KS 260 basic</p>	 A blue and white laboratory shaker with a flat top surface and a control panel on the side.
<p>Destylator wody HLP 10 sp</p>	 A stainless steel water distiller with a cylindrical body and a control panel on the front.
<p>Granulator laboratoryjny</p>	 A yellow laboratory granulator with a cylindrical body and a motor on the side, mounted on a yellow frame.
<p>Aparat do badania twardości granul IMADA</p>	 A blue and white laboratory apparatus for testing the hardness of granules, featuring a vertical column and a control panel.
<p>Wagi laboratoryjne techniczne, zestaw do oznaczania węglanów, pH- metry i inne.</p>	

Laboratorium, zgodnie z obowiązującymi w FOSFAN procedurami ISO 9001 i ISO 14001, nad sprzętem do badań prowadzi nadzór metrologiczny.
